

Maysville Scores Fifth Straight Win

The strong Maysville outfit defeated the local representatives in the Blue Grass League at Fair Grounds park Sunday afternoon before a large crowd by the score of 6 to 2. The game was a pitchers' battle up to the sixth inning, when the visitors got to Warren for four successive hits, which coupled with errors netted them four runs. In this frame Townsend was substituted for Warren, who kept the Maysville sluggers guessing during the remainder of the game. Although defeated, Mt. Sterling put up a good exhibition of base ball and one that will win nine times out of ten. Local fans were well pleased with the team. Manager Ellis has gotten together and feel that from now on they will win a majority of their games.

Elnemann held Mt. Sterling to six hits. The fielding of Ellis and Day and the hitting of Class were features of the game. Ellis took part in two of Mt. Sterling's three double plays. Score:

Third Payment To Be Made To Pool Growers

The payment to be made to the burley tobacco growers May 20 will be followed by a third payment when the entire holdings of the Burley Tobacco Growers' Co-operative Association are sold. Just when this will be said to be problematical, but President James C. Stone has pointed out the fact that the crop of 1921 is the shortest since the cut-out of 1908 and the government reports required of manufacturers show that their holdings are less than they were a year ago. President Stone has had many inquiries for the red-dried leaf held by the association and has sold some of it. These inquiries have come from as far away as Denmark, a representative of a Copenhagen tobacco concern having called at the office of the association the past week.

It was said to be certain that the distribution to the growers of the third payment on their crops, which probably will be the final one, will show that the growers who joined the association have received more net money for their tobacco, besides paying their warehouse installment and the entire expense of conducting the burley association, including salaries and office expenses.

No one in authority at the burley offices would make any prediction as to when the third and probably final payment this year would be made, as it was said that the payment depended entirely on the time of the sale of the red-dried holdings of the association, but that it expected to be a development of a few weeks at the most.

Three and one-half million pounds of tobacco have been added to the amount which the Burley Tobacco Growers' Co-operative Association will handle for growers of Kentucky, Ohio, Indiana and West Virginia in 1922 as a result of additions to the number of contract signers since March 1. Assistant Chief of the Field Service Division William Collins said Saturday that 1,256 growers had been added since March 1, and that in many instances the signatures were voluntary and without any solicitation on the part of the workers for the association.

The contracts, Mr. Collins said, come from all parts of the burley district and from about every county.

Secretary H. Lee Earley was busy the past week signing the checks to growers which will be sent out on May 20. There are about 75,000 of these checks, including landlords, tenants, banks to which growers have assigned their certificates as security for loans, and a few who have bought the certificates from growers. Secretary Earley uses a machine in signing these checks which permits him to sign five of them at one operation, but he still will have to sign his name 15,000 times before the checks will be ready to send to the directors who will distribute them to the growers.

Mrs. Ellen Gallagher, aged 65 years, wife of Mike Gallagher, died at her home on Winn street this morning following an illness of pneumonia. Mrs. Gallagher was a devout member of the Catholic church and was a regular attendant up to the time of her illness. A good neighbor, a devoted wife and loving sister, she lived a life full of noble deeds and kindly service, and in her passing the entire community mourns with her loved ones.

Besides her husband she is survived by three brothers, Henry Maher, of this city; Frank Maher, of Lexington, and Mike Maher, of Covington; two sisters, Mrs. Bud McCracken, of this city, and Mrs. Hugh Highland, of Carlisle.

Long Suffering Ends For Coleman B. Reid

Coleman B. Reid, aged 68 years, died at his home on Richmond avenue Monday, after having been a sufferer from tuberculosis for the past two years. The funeral will take place tomorrow (Wednesday) afternoon at 1:30 o'clock, conducted by Rev. Clyde Darile, of the Christian church, with burial in Machpelah cemetery. So far as is known, Mr. Reid had no close relatives in this city, being survived by one sister, Mrs. Susie E. Stone, of Berry, his wife having preceded him to the grave about four years ago.

The Montgomery County Fair will open its annual meeting July 19 and, holding through four days, will be the most interesting of all the years past. Stock reservations are being made at this early period and all indications point to a week of real pleasure.

Sterling for a four-day meeting. Leaving here, the stock will go to Henderson for a six-day meeting. This arrangement, local managers believe, will bring to Mt.
